- Real-world experience
- Vibrant location
- Student Welfare
- Academic Support

Course Overview

This qualification reflects the role of individuals who apply highly specialised knowledge and skills in the field of organisational learning and capability development. Individuals in these roles generate and evaluate complex ideas. They also initiate, design and execute major learning and development functions within an organisation. Typically, they would have full responsibility and accountability for the personal output and work of others. No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Total Fee:

\$12,750

Delivery Mode

Face to Face

Duration

52 Weeks

Career Pathways

This qualification may apply to leaders and managers in an organisation where learning is used to build organisational capability.

Post-graduate employment pathways include working as a:

- Manager in the business enterprise
- HR Manager in training and development department
- RTO manager in training organisation/college
- Staff development manager in training and development department.

Further Education Pathways

Students completing BSB80120 Graduate Diploma of Management (Learning) can further their studies to master's degree in management or business or related field. Apply for credit exemptions towards part of the Master program in an Australian university. * Every university has a different credit transfer process/policy.
